**Forms of examination**

a. The course is examined on the basis of a written IT-based home examination.

For more detailed information please see the course description. The course description will be made available at least one month before the course starts.

b. Grades will be set according to a seven-point scale related to the learning objectives of the course: A = Excellent, B = Very Good, C = Good, D = Satisfactory, E = Adequate, Fx = Inadequate, F = Totally Inadequate.

c. Students will be informed of the written grading criteria when the course starts. The grading criteria are binding.

d. In order to pass the course, students must receive a grade of E or higher on all examinations and meet the attendance requirements of 80%. Students with an attendance between 70-79% can receive a final grade after having completed compensatory assignments.

Under special circumstances, the examiner may, after consulting with the coordinating teacher, grant the student an exemption from the obligation to participate in certain mandatory attendance. The student can then be assigned a compensatory assignment.

e. At least two examination opportunities should be offered for each course. At least one examination opportunity should be offered during a semester when the course is not given.

Students who receive the grade E or higher may not retake the examination to attain a higher grade.

Students who receive the grade Fx or F twice by the same examiner are entitled to have another examiner appointed for the next examination, unless there are special reasons to the contrary. Such requests should be made to the department board.

f. This course does not include any opportunities to complete a supplementary assignment in order to convert the grade Fx into a passing grade.
