TVCU	Curatorial Dramaturgy	7.5

## Course content

The course provides knowledge of dramaturgy and curating. Students study different forms of dramaturgy and curating methods at institutional theatres, but also in relation to festivals or independent professional theatre groups. Furthermore, students discuss curating in relation to various genres of the performing arts in order to analyze and evaluate curatorial dramaturgy.

## Learning outcomes

Having completed this course, students are expected to have the skills to:

- explain and critically discuss various forms of dramaturgy and methods of curating.
- critically reflect on their research perspective.

## Education

Teaching is compulsory and takes the form of lectures and seminars. The language instruction is in english. Instruction is either online or campus-based as specified for each course offering. For more detailed information, please refer to the course description. The course description will be made available at least one month before the course starts.

## Forms of examination

a)The course is examined on the basis of a written assignment in the form of a take-home examination. For more detailed information, please refer to the course description. The course description will be made available at least one month before the course starts.

b)Grading scale

Grades will be set according to a seven-point grading scale related to the learning objectives of the course:  
A = Excellent

B = Very good

C = Good

D = Satisfactory

E = Adequate

Fx = Fail, some additional work required

F = Fail, much more work required

c) Students will be informed of the written grading criteria when the course starts.

d) In order to pass the course, students must receive a grade E or higher on all examinations, complete all mandatory assignments and meet the attendance requirement of 80%. In the presence of 60-79%, a replace assignment must be made. In the absence of lectures, the student submits a written report. In the absence of seminar discussions, the student submits a written report of the seminar assignment. With regard to absence from other types of teaching, the student is encouraged to contact the examining teacher for an assessment of whether a compensation should be made and, if so, how.

e) At least three examination opportunities should be offered within a one-year period.

At least one examination opportunity should be offered during the year the course is not provided. Students who receive the grade Fx or F twice by the same examiner are entitled to have another examiner appointed for the next examination, opportunity unless there are special reasons to the contrary. Such requests should be made to the department board. Students who receive the grade E or higher [or G when two- or three graded scales are applicable] may not retake the examination to attain a higher grade.

f) The completion of a supplementary assignment in order to convert the grade Fx into a passing grade on module 1 and module 2 may be permitted if the student is close to meeting the criteria for a passing grade. The assignment should be submitted within a week of the examiner notifying the student of the need to complete a supplementary assignment. Adequate corrections of simple mistakes related to formatting will be graded using the grades A-E.

Adequate corrections of flaws related to understanding – minor misunderstandings, minor inaccuracies or too limited arguments – will receive the grade E.
