Course structure

| Examination code | Name | Higher Education Credits |
|------------------|--------------|--------------------------|
| 1100 | Internship 1 | 7.5 |
| 1200 | Internship 2 | 7.5 |

Course content

The course consists of an internship at a Swedish or international institution or arts organisation. During the internship period the student participates in the daily operations of their internship placement.

Learning outcomes

In order to pass the course, students are expected to be able to:

- critically reflect on the practical experiences in relation to the theoretical perspectives discussed in previous courses;
- propose and discuss an academic context of relevance to the internship site and/or its field of activity, as well as use current research to support the discussion.

Education

Supervision and obligatory participation at the internship placement.

Forms of examination

- The course is examined on the basis of a written internship report and an oral presentation of the student's experiences from the internship period. For more detailed information, please refer to the course description.
- Grades will be set according to a two-point scale: G/U (Pass/Fail)
- Students will be informed of the written grading criteria when the course starts.

d) In order to receive a final grade on the course, a passing grade (G) is required on the internship report, as well as 80% attendance at the internship site according to a certificate from the external supervisor.

e) In addition, at least one opportunity to retake an examination should be given during a semester or year when the course is not provided. A student who has received a passing grade on an examination may not retake the examination to attain a higher grade. A student who has received a failing grade twice by the same examiner is entitled to have another examiner appointed for the next examination, unless there are special reasons to the contrary. Such requests must be addressed to the department board.

f) The completion of a supplementary assignment may be permitted if the student is close to meeting the criteria for a passing grade. The assignment must be submitted within a week of the examiner notifying the student of the need to complete a supplementary assignment.

Interim

If this course is discontinued, or its contents substantially altered, students have the right to be examined according to this syllabus once per semester for three further semesters.

Required reading

The course literature will be selected in consultation with the supervisor/examiner.
