## Decision

## Prerequisites and special admittance requirements

Bachelor's degree, English 6.

## Course structure

Examination code	Name	Higher Education Credits
1300	Individual literature course	7.5

## Course content

The course is an in-depth study of an individually chosen research area. The student is required, in consultation with a tutor, active within the subject and employed at the department, to identify a research theme, together with a selection of literature as a basis for what is to be read and examined throughout the course. The chosen theme can thus be variable. The literature selection cannot contain such items that are utilised as source material in the student's final examination project.

## Learning outcomes

Having completed the course, the student has demonstrated an ability to:

- Show significantly in-depth knowledge within the chosen research theme;
- account for, and critically relate to, current research within the chosen theme;
- independently formulate, analyse, integrate and reflect upon various issues, concepts and phenomena within the chosen research theme;
- demonstrate in-depth knowledge of methods and theories utilised within the chosen theme.

## Education

No tuition is given.

## Forms of examination

- The course is examined through an individual written assignment.
- Grades will be set according to a seven-point scale related to the learning objectives of the course:

A = Excellent  
B = Very good  
C = Good  
D = Satisfactory  
E = Adequate  
Fx = Inadequate  
F = Totally Inadequate

- c) Students will be informed of the written grading criteria when the course starts.
- d) In order to pass the course, students must receive a grade of E or higher on the written assignment.
- e) Students who receive the grade E or higher may not retake the examination to attain a higher grade. Students who receive the grade Fx or F twice by the same examiner are entitled to have another examiner appointed for the next examination, unless there are special reasons to the contrary. Such requests should be addressed to the department board.
- f) The completion of a supplementary written assignment may be permitted if the student has received a grade of Fx and thus is close to meeting the criteria for a passing grade. The assignment must be submitted within a week of the examiner notifying the student of the need to complete a supplementary assignment. Approved corrections of flaws related to understanding – minor misunderstandings, inaccuracies or unduly limited arguments – will receive the grade E. Approved corrections of simple formatting errors are graded using the grades C-E.

#### **Interim**

If this course is discontinued, or its contents substantially altered, students have the right to be examined according to this syllabus once per semester for three further semesters.

#### **Required reading**

The course literature will be selected in consultation with the examiner.
