Course structure

Examination code	Name	Higher Education Credits
8028	Social Responsibility for Sustainable Enterprising	4.5

Course content

The course covers different perspectives on the relationships between enterprises' social, economic and environmental responsibilities. The course includes different ways to measure these, studying the importance of enterprises' choice of strategies to become competitive at a global level and how different organisations communicate this work.

Learning outcomes

It is expected that the student, after taking the course, will be able to: • define and describe concepts and terms from the field of social responsibility as well as explain and discuss their relation to different theoretical frameworks and methods in sustainable enterprising; • analyse and assess case studies and policy initiatives in sustainable enterprising; • read and understand different types of sustainability reports.

Education

The education consists of lectures, literature as well as discussion seminars and group exercises. Participation in literature seminars and group exercises is compulsory. An examiner may rule that a student is not obliged to participate in certain compulsory education if there are special grounds for this after consultation with the relevant teacher.

Forms of examination

a. Examination for the course is in the following manner: measurement of knowledge takes place through: Written and oral presentations.

b. Grading is carried out according to a 7-point scale related to learning objectives:

A = Excellent
B = Very Good
C = Good
D = Satisfactory
E = Sufficient
Fx = Fail
F = Fail

c. Grading criteria for the course will be distributed at the start of the course.

d. A minimum grade of E is required to pass the course, together with:

- approved written and oral presentations
- participation in all compulsory education.

e. Students who fail to achieve a pass grade in an ordinary examination have the right to take at least further four examinations, as long as the course is given. The term “examination” here is used to denote also other compulsory elements of the course. Students who have achieved a pass grade on an examination may not retake this examination in order to attempt to achieve a higher grade. Students who have failed to reach a pass grade on two occasions have the right to request that a different teacher be appointed to set the grade of the course. A request for such appointment must be sent to the departmental board.

Interim

Students may request that the examination is carried out in accordance with this syllabus even after it has ceased to apply. This right is limited, however, to a maximum of three occasions during a two-year-period after the end of giving the course. A request for such examination must be sent to the departmental board.

Limitations

The course can not be included in a degree together with the course Sustainable Environmental Enterprise, Theory 20 p (BI4630).

Misc

The course is a component of the Master’s Programme in Sustainable Enterprising, and it can also be taken as an individual course. The course is given in collaboration with School of Business, Stockholm University.

Required reading

Course literature is decided by the departmental board and is described in an appendix to the syllabus.
