A note on literature:

The book *Veiled Sentiments. Honor and Poetry in a Bedouin Society* is available from the library as an e-book. Keep in mind, however, that a limited number of students may be able to access e-books at the same time. All articles are also available online via the university library. If you are new to anthropology or feel you need a little reminder about the subject, you will find the book below useful:

Gay y Blasco, P. and Wardle, H. 2007. *How to Read Ethnography*. London: Routledge.
